

St. John Eudes School

ROBOTICS CLUB

FOR BEGINNERS & INTERMEDIATE LEVELS

(Open to students in Grade 3 and higher)

Starting February 2, 2012

Students will learn how to design robotic programs and test them on the Lego NXT robot.

- This first six week club will be meeting on Thursdays, February 2nd, 9th, 16th & 23rd and March 1st & 8th.
 - Time & Place: From 3:00 to 4:00 after school in the 5th grade classroom
 - Because we only have three robots at this time, and limited computer programs the sessions are only open to the first eight students who sign up.
 - This is a beginner's course - No previous knowledge of robotics is necessary.
 - Moderated by Mrs. King, the K - 5 Science teacher.
 - \$50 per student - Checks made out to Saint John Eudes School.
(Proceeds go toward the purchase of additional robot.)
 - To register, return the bottom form and your check to the school office by Tuesday, January 31st.
-
